Education

7.5/10	Master of Computer Application , AKTU University Lucknow, India	2022-24
7.9/10	Bachelor of Computer Application , MCRP University Bhopal, India	2019-22

Projects

Shopping Web App

Nov 2023 - Dec 2023

Personal Project

- Conceptualized, designed, and implemented a fully functional e-commerce web application as a personal project, showcasing proficiency in end-to-end development.
- Leveraged React.js, Node.js, Express.js, and MongoDB to develop a comprehensive shopping platform, ensuring a dynamic frontend, efficient backend, and robust data storage.
- Implemented seamless integration of REST APIs for efficient data communication.
- Successfully implemented and integrated Razorpay for seamless and secure online payment processing.
- Ensured a responsive and user-friendly interface, enhancing the overall shopping experience.

Android shopping App

Oct 2023 - Nov 2023

Personal Project

- Independently conceived, designed, and executed a fully operational Android shopping application as a personal project, showcasing end-to-end development proficiency.
- Utilized React Native and Android Studio to build a feature-rich mobile platform, ensuring a seamless user experience.
- Integrated REST APIs seamlessly for efficient data communication with the backend.
- Successfully implemented and integrated Razorpay for seamless and secure online payment processing.
- Ensured an intuitive and user-friendly interface, contributing to an enhanced shopping experience on Android devices.

Android News App

Aug 2023 - Sep 2023

Personal Project

- Developed a cross-platform news application using React Native for Android and iOS.
- Integrated RESTful APIs for real-time news updates and personalized recommendations.
- Ensured a responsive and visually appealing user interface, optimizing user experience.

Android Wallpaper App

April 2023 - May 2023

Personal Project

- Created a versatile wallpaper application for Android and iOS using React Native.
- Integrated the Pexels API to provide users with access to a vast library of high-quality photos enriching the app's content offerings.
- Conducted comprehensive testing and debugging for a polished and stable React Native app.

Gym Website with Next.js

Feb 2023 - Feb 2023

Personal Project

- Developed a responsive static website for a gym using Next.js, leveraging React for enhanced functionality.
- Designed an intuitive user interface with Next.js components for easy navigation and information access.
- Included sections for services, class schedules, trainer profiles, and contact details.

Skills Summary

Languages	C/C++, Java, Javascript
Frameworks/Libs	React.Js, Express.Js, Node.Js, Next.Js, React Native
Markup/Styles	HTML5, CSS3, Bootstrap, Tailwind-css
Databases	MongoDb, MySql
Tools	Git, Postman, VScode
Platforms	Linux, Windows

Certificates

2024	Frontend Developer(React) , HackerRank	India
2024	Javascript , HackerRank	India
2022	Java Basics , HackerRank	India
2023	React Js , Great Learning	India
2023	Node Js , Great Learning	India
2023	C++ , Sololearn	India

Language

English	Basic proficiency
Hindi	Native proficiency
